Buckeye Player Quotes

Senior Linebacker Andrew Sweat

On what happened in the second half

"They used a couple of formations on us and they had several big plays on us. It was small stuff; like a guy being out of his gap in a one-on-one battle, but it turned into big plays."

On if he's ever seen anything like the comeback tonight

"No. I've never been a part of anything like that. I don't know what the magical answer is. We just didn't get the job done."

On his feelings following the game

"I'm disappointed. We worked hard this week, but I'm a competitor, my teammates are competitors and I'm sure they are ready to get back to work tomorrow at 3:30."

On how it can go from being able to control everything in the first half to what happened in the second half

"Once again, it came to the fact that we were out of our gaps. And they hit seams on us."

Senior Safety Tyler Moeller

On what happened in the second half

"They just out-schemed us. They changed up their play style a little bit and we weren't in the right gaps and they scored on us. They outplayed us."

On how they come back after this

"It hurts. But one thing about our team is that we fought to the end and we want to do that -- keep fighting."

On if he's ever seen anything like the comeback tonight

"Yeah, there have been some games in my career where this has happened. It's unfortunate. We were playing great in the first half and all of a sudden, they started getting some plays on us and it hurts. But that happens. It's football."

On how the team feels right now

"We are going to look at what we did wrong and we are going to fight, like I said before. One thing about this team is that we are going to get better and we are going to keep fighting."

On his impressions of Taylor Martinez tonight

"They just made plays. Some gaps were open. Sometimes I messed up or someone else messed up and whatnot, but they came out and made plays against us and they came back and ended up playing a good game."
